Fr. Roger J. Landry*

- To leave our comfort zones to bring the Gospel to the existential peripheries
- To proclaim the *kerygma* first and foremost
- To overcome the cancer of clericalism
- To make a mess, take some risks and get muddy
- To receive and share God's mercy
- To prevail over a personal and globalized indifference and become true Good Samaritans
- To confront our spiritual worldliness
- To defeat the ferocious idolatry of money that leads to a culture of waste
- To curb the temptation to turn our faith into an ideology
- To triumph over the destructive culture of gossip
